

A LETTER FROM THE PEOPLE OF
THE UNITED STATES OF AMERICA
TO THE GOVERNMENT OF THE
UNITED STATES OF AMERICA

To Our Representatives With EXTREME URGENCY,

Please Stop the DOJ from suspending any constitutional rights during COVID-19. It will have far reaching consequences long after if this is allowed. At a time when Healthcare isn't even a right in the face of a pandemic we can't afford to lose anymore rights. Not now, not ever. Video hearings exist. The Social Security Admin does these. There are ways to ensure people's rights are upheld during a pandemic especially in a modern world. We have more tools at our disposal than any past point in history. If this were the 1800s that may have been necessary, but this is 2020, and there is no legitimate reason to suspend any constitutional rights whatsoever. Doing so would only open the door for corrupt partisan judges to either immediately after or later down the road, repeal or suspend the very constitutional rights we have fought for since 1776. This administration has already systematically threatened the very fabric of our constitution since before they were sworn into office. They do so regardless of the law. The law is all we have to protect us and without the law protecting us, our nation will fall. Our nation is currently crippling under the weight of treasonous, self serving, horrific attempts to overthrow and replace the nation we have fought to build together with one that is far from recognizable to anyone in any nation. Other nations will look on as our nation falls. The day this occurs, our Nation is no more. I fear for our country now more than ever. Not only are the people sick during this pandemic, but the very core of our nation has contracted a disease and is begging for us to ensure it makes it through this. Our constitution is not a death certificate. Our constitution is a declaration of what makes everyone; Republican and Democrat alike, the United States. We...

... must not allow those who do not have the support of the majority of citizens of all parties destroy all we have worked for, now or at any other time. We are in grave danger. Lady Liberty is drowning and this administration has covered her feet in cinderblock shoes. We must save her together. It is our duty first as civil human beings, and second as Americans and third as the major influence in today's global society. Make no mistakes that allowing this to occur immediately removes any hope of the United States remaining a Democratic Republic, but a mirror of the Communist Dictatorships of the USSR and Nazi Germany, and fascist Italy; All of who attempted to hide their true identity as such a type of society by calling Communism and Dictatorial Oppression, Socialism, and in other cases, even free markets or capitalism. Under no circumstances can this be permitted!!! Our very nation depends on you standing up and speaking out. You must address this. America, the world is watching. Our very own citizens are being held hostage by foreign operatives during a pandemic of all times. We are at war with more than a virus. We are at war with terrorism in the highest offices of our own country. THIS MUST NOT BE PERMITTED. AMERICA DEPENDS ON THIS NOT BEING PERMITTED! IF IT IS, WE HAVE ALL BUT BRUTALLY MURDERED LADY LIBERTY!

Sincerely,

The Citizens of the United States of America
